Rishabh Shah

Web Developer | Full-Stack Developer | IT Student

Vadodara, Gujarat, India | +91 7861976128 | shahrishu1515@gmail.com

PROFESSIONAL SUMMARY

B.Sc. (Hons.) Information Technology student with hands-on experience in web development, WordPress customization, and data science projects. Experienced in building web applications, developing responsive user interfaces, working with databases, and exploring machine learning solutions. Completed a Web Development Internship at Rainbow IT Services, gaining practical exposure to website development, testing, debugging, and deployment. Eager to contribute technical skills and problem-solving abilities to real-world software development projects.

TECHNICAL SKILLS

- **Programming:** Python, JavaScript, HTML5, CSS3
- **Web Development:** Frontend Development, Responsive Web Design, WordPress, UI/UX Basics
- **Databases:** MySQL, MongoDB
- **Data Science:** NumPy, Pandas, Exploratory Data Analysis, Machine Learning Fundamentals
- **Tools:** Git, GitHub, VS Code, Jupyter Notebook
- **Core Concepts:** Object-Oriented Programming, Data Structures, Database Management Systems

PROFESSIONAL EXPERIENCE

Web Development Intern
Rainbow IT Services
Bharuch, Gujarat
December 2025 – June 2026

- Contributed to web development projects using modern web technologies.
- Developed and customized websites using WordPress.
- Assisted in building responsive user interfaces and improving website performance.
- Collaborated on real-world projects to improve website functionality and user experience.
- Gained practical experience in debugging, testing, and deployment workflows.

PROJECTS

1. House Price Prediction System

- Developed a machine learning project to predict house prices using regression techniques.
- Performed data cleaning, exploratory data analysis, and feature engineering.
- Analyzed factors influencing property prices to support model development.

2. RT SMS – Student Management System

- Developed a student management web application focused on organizing student information digitally.
- Designed the application to support structured student record management and easier information retrieval.

3. Cara – Fashion E-commerce Website

- Built a fashion e-commerce website with a focus on user-friendly navigation and responsive design.
- Developed an organized digital shopping interface with dynamic content and an emphasis on user experience.

4. RT Food – Online Food Ordering System

- Developed an online food ordering project for frozen snacks and food products.
- Focused on presenting food items through a user-friendly interface and supporting an efficient ordering experience.

5. Vehicle Number Plate Detection

- Worked on a computer vision project focused on detecting vehicle number plates from images.

6. Student Attendance System

- Explored a digital approach to student attendance management and record organization.

EDUCATION

P. P. Savani University, Surat
B.Sc. (Hons.) Information Technology | 2023–2027

Mehsana Urban Vidhyalaya, Mehsana
Higher Secondary Education | 2021–2023

CERTIFICATIONS

- AWS Cloud Security Foundations — AWS
- IBM Full Stack Software Developer — IBM
- Google Data Analytics with Python — Google
- IBM Generative AI Engineering — IBM
- Google UX Design — Google
- Android Development Specialization — Coursera
- The Economics of AI
- Big Data & Emerging Technologies
- Getting Started with Google Workspace — Google

ACADEMIC COURSEWORK

- Web Development
- Object-Oriented Programming
- Database Management Systems
- Computer Networks and Web Communication
- Operating Systems

ADDITIONAL SKILLS

Problem Solving · Communication · Teamwork · Leadership · Presentation Skills · Event Management · Workshop Coordination · Graphic Design
